During the early part of the trip, keep a sharp lookout for the most impressive animal in the park - the Alaskan moose, largest in the world, weighing up to 1600 pounds. It's possible that you'll see Dall sheep on the mountainsides, caribous anywhere above the tree line, eagles soaring above and grizzly brown bears too! It's possible to also see and hear howling wolves in the distance. As you travel over mountain passes, the highest points offer expansive views of the Alaska Range on the horizon. While glaciers cover one-sixth of the Park, the sub-arctic wilderness also supports over 650 species of colorful flowering plants. Return to your hotel an evening at leisure
