DAY 1 Depart Australia

DAY 2 Arrive Stockholm, Sweden

Arrive Stockholm Transfer by taxi or catch airport train to your hotel. Overnight Scandi Continental Hotel, Stockholm for 2 nights. The remainder of the day is free to explore Stockholm at leisure.

DAY 3 Stockholm Day Tour

See Stockholm and its surrounding areas by land, sitting in a comfortable, air-conditioned coach and listening in your own language. Afterwards our staff will then join to the boat that is waiting to take you out to sea – and from the water you will see a picturesque Stockholm, at its most spectacular.

DAY 4 Arrive Reykjavik, Iceland

Fly from Stockholm to Reykjavik, Iceland, one of the most beautiful places in the world. Transfer to your 6-nights hotel accommodation in the heart of town. The remainder of the day is free for you to explore Reykjavik at leisure.

DAY 5 Reykjavik Grand Excursion & Whale Watching

Enjoy a trip out to sea to see the whales and on land to get to know the capital city of Iceland. Start the day on a whale watching tour, operated from the Old Harbour in Reykjavík. The most commonly seen whales on this tour are the minke whales, humpback whales, dolphins and porpoises but other species are sometimes spotted as well. After an invigorating tour out at sea, we go on to explore Reykjavík and learn about its history and culture. Among the stops on the way are Hallgrímskirkja church, Bessastaðir, the official residence of the President of Iceland, and Harpa.

Day 6 The Golden Circle & The Lava Tunnel

See Iceland above and underground. Begin the day with witnessing the inner workings of a volcanic eruption while we walk in the path of a lava that flowed thousands of years ago. The lava tunnel is one of the biggest in Iceland and gets up to 30 metres wide and 10 metres high. The lava tube ceiling has caved in near the entrance, which creates beautiful columns of light. The fantastic range of colours of the tunnel wall is caused by the different mineral types of the rock. This is a tour for the senses. Experience a new world, hear the talk of the cave and sense the forces of nature like you have never done before. Learn new things and step out of your comfort zone. Scenes from the Hollywood movie Noah, with Anthony Hopkins, were shot in this lava cave.

After the tour we drive back to Reykjavík where you have one and a half hour before the next tour departs. This gives you time to take a stroll downtown or have a picnic by the pond, which is only a short

walk away from BSÍ Bus Terminal. The next tour takes you to three of Iceland's most stunning sights; Gullfoss waterfall, Geysir geothermal area and Þingvellir National Park. The Geysir geothermal area boasts spouting springs, including Strokkur, the most active geyser in Iceland. All geysers in the world get their name from the now mostly dormant Geysir hot spring, from which the area also gets its name. At Gullfoss you are given the opportunity to stand next to the amazing waterfall, watching enormous quantities of water tumble violently into a deep, meandering gorge.

Day 7 Reykjavík - Blue Lagoon & evening Northern Lights

Spoil yourself by bathing in the famous Blue Lagoon on your visit to Iceland. The Blue Lagoon geothermal spa is one of the most visited attractions in Iceland. The spa is located in a lava field in Grindavík on the Reykjanes Peninsula, southwestern Iceland in a location favourable for Geothermal power, and is supplied by water used in the nearby Svartsengi geothermal power station. Tour includes return bus fare and admission to the Blue Lagoon. This evening we will go hunting the **northern lights** from the ocean is an amazing experience; sailing away from the coastline of Reykjavik and seeing the aurora borealis out on the North-Atlantic ocean with beautiful mountains and the city lights in the background is something you won't forget.

Day 8 Northern Lights by Boat

Today is a free day during the day to explore Iceland at leisure. This evening we will go hunting the northern lights from the ocean is an amazing experience; sailing away from the coastline of Reykjavik and seeing the aurora borealis out on the North-Atlantic ocean with beautiful mountains and the city lights in the background is something you won't forget. During the tour our expert guide will tell you all about the northern lights, the folklore and superstition,

as well as explaining the underlying scientific facts that make this magical light show possible. The tour takes 2 – 3 hours, departing from Reykjavík's old harbour; viewing the beautiful coastline of the capital and the city lights on the way out to search for the lights. In only 15-30 minutes we will be on a prime location for viewing the auroras. Included are warm overalls since it does get chilly in the winter and usually much of the time is spent outside gazing at the night sky. We have a cozy and warm seating area inside the boat and we are dedicated to making the trip an enjoyable experience for everyone, therefore it is subject to the right weather conditions. When the northern lights forecast looks good - but it is too windy to go out on sea - we will still take our customers out for a northern lights tour on a bus, and they will also get to go out on the boat as well next available day. Hot beverages & special Icelandic treats are sold on board.

Day 9 South Shore Adventure

This tour is ideal for nature lovers of all kinds. We take you along the south coast of Iceland, one of the country's most scenic regions, as far as Vík, a charming village surrounded by high beautiful bird cliffs. South Iceland is special for that it is one of the flattest regions on the island. Because of that, most of all grain farming in Iceland is done there. The high mountains to the north, shield the area from the harshest winds from the north. Among the stops on this tour are at the gorgeous Seljalandsfoss and Skógafoss waterfalls. Seljalandsfoss is part of the Seljandsá river, which has its origins in Eyjafjallajökull glacier. What makes Seljalandsfoss so famous and interesting is that you can walk behind it. We recommend you bring either a raincoat or a waterproof coat along if you want to walk behind it. Skógafoss, another famous Icelandic waterfall, is the starting point of the Fimmvörðuháls walk over to Þórsmörk. The waterfall was also used in the films Thor: The Dark World and The Secret Life of Walter Mitty. We will also stop at Reynisfjara black sand beach, with the Reynisdrangar rock formations and columnar basalt. It is one of the most spectacular beaches in Iceland but can be dangerous, and we kindly ask our guests not to go too close to the ocean and go by guidelines.

Additionally, we will stop by Sólheimajökull and walk up to a small lake which has formed in front of the retreating glacier.

Day 10 Jökulsárlón Glacial Boat Tour

Get a front row seat to the glacial lagoon as you sail among the gigantic icebergs and take in the power and the peace of this magnificent natural phenomenon.

The lake is a result of Breiðarmerkurjökull glacier slowly retreating, leaving in its wake the lagoon and the oddly-shaped icebergs of various sizes. En route to the lagoon you will see some of Iceland's most magnificent scenery, including the tallest mountain in Iceland, Hvannadalshnjúkur, and the sprawling black sand desert between Skaftafell National Park and the lagoon itself.

You can extend your time here in Iceland and see so much much more. Please ask your reservations consultant to quote on additional hotel nights in Reykjavik and a full list of our extra day tours can be seen at <https://www.re.is/day-tours>

DAY 11 Fly from Reykjavik to Copenhagen

Your tour of Iceland comes to an end today. Transfer by coach to the airport for your flights to Copenhagen. Arrive Copenhagen and catch a taxi to the Stays Hotels or First Mayfair Hotel for your overnight stay for 2 nights.

DAY 12 Copenhagen Half Day Tour

DAY 13 Fly from Copenhagen to Australia

This afternoon you will transfer back to the airport for your flights home to Australia. Tour Concludes – Memories Begin.
