Whale watching

Looking forward to see whales around Phillip Island but you're not sure where to look for them? Have you seen a whale but you're not sure how to share your sighting?

Here are some tips to help you spot whales:

From May to October humpback whales and southern right whales can be seen along the Victorian coastline.

Whale sightings in the area are often posted on several Facebook pages: [Two Bays Whale Project](#), [Phillip Island Whale Watchers](#), and [Wildlife Coast Cruises](#).

Most updates are near to real time and often include tips on where the whales could be seen from. For your best chance of seeing whales, keep an eye out on these Facebook pages and be ready to grab your binoculars and head out to the lookouts to spot the whales yourselves.

Remember to look after the coastal environment by watching out for wildlife on the roads, and by keeping to the tracks. If you're lucky to see whales, please share your sighting by reporting you sighting on 'PodWatch' <https://www.dolphinresearch.org.au/report-sightings-page/> or call Wildlife Coast Cruises on 1300 763 739.

For the latest sightings you can check the Whale Sightings for the Phillip Island region or check with the Phillip Island Visitor Information Centre at Newhaven.
